Jesus' hands and feet to those affected by disaster

JAN-2020

CONTINUING ON IN 2020

A life truly changed by Christ will be known by the continual pattern of living for Christ in all that is said and done! While this doesn't mean that anyone will be perfect without sin in thought, words or deeds, it's no excuse to not allow The LORD to work in our lives!

As we continue on with Calvary Relief, The LORD continues to remind us of why we're here on this earth. It is not to amass treasures on earth, but rather to store up for ourselves treasures in heaven!

We certainly enjoy the work we have of serving folks who've lost most of what they own via a disaster. Many wonder just where is God in this or even if there is a God. Right in the middle of that, The LORD directs us to them and uses us to show them that He hasn't forgotten them and loves them more than they can imagine!

But that's only part of the reason we do what we do. Just like every other Christian, we're to be pouring our lives into those around us in such a way that if they don't know Christ, they will at the least know that He loves them, and if they so chose to make Him LORD of their lives then we're to disciple them. We're each called to disciple whoever is in our lives just like those around us are to do for us!

We all easily get caught up in and with life. It's usually not immediate, but a slow, drifting away from The LORD and towards our worldly desires. But most of us didn't start out that way, yet that's often where we find ourselves. And as we slowly drift away from what He wants from us, it gets harder each day to live for The LORD. This is why discipleship is so important and what we know The LORD has us doing each day with Calvary Relief!

There are so many people that come in and out of our lives every year that it's impossible to keep in touch with each of them. But when The LORD uses us to somehow reach others in a way that spurs them on to good works for Christ, we are always so blessed to know and He's faithful to reveal that from time to time!

We pray that you would continue on in Christ this year. Please pray for us that we would do the same.

ONGOING NEEDS

We're so blessed with all that The LORD has given us! Our 5th wheel has truly become our home- so much so that when we're away, we say we can't wait to get back home and what we mean is our trailer!

We're trying to step it up with inviting local folks to Bible studies in the morning and dinner at night. It's hard to make new friends and we realize those around us are hesitant as well! But when we manage to break through those barriers that

shouldn't be there in the first place, it's truly a blessing!

None of our vehicles or RV's were new when we got them and they continue to age and have issues. Just routine maintenance is time consuming and costly. At least 2 if not all 3 of our vehicles will need tires soon and there are several other issues that need to be taken care of. It's always a struggle and expensive living in an RV and I wouldn't recommend it to anyone even though for what we do we love it! I've had to do some major things on both trailers this year and it looks like we need to change out at least one of our refrigerators before it gets hot again, and that isn't cheap.

Our tool trailer is constantly evolving and the work we do often times requires something we don't already have. As you can see there, are a lot of needs, both ongoing and anticipated.

Jesus' hands and feet to those affected by disaster

2019 IN REVIEW

2019 began with us serving in Richlands, NC helping some folks from Hurricane Florence. It was our second response in the area and it was good to catch up with some old friends as well as make many new ones! We finished up the first week of February and then moved Camp Calvary to outside Savannah, GA.

We were going to help build out CC Savannah where our son is the lead pastor, but unfortunately there were some permitting issues that resulted in major delays and extra costs. They still believe this is where The LORD wants them and are close to getting all the details worked out so that they can begin building soon! Pray!!

All was not lost though as we were able to spend some quality time with our kids, their spouses, and especially our grandkids. Since we only get small amounts of time with them here and there, this was truly a blessing, especially to be like other grandparents and have the grandkids for sleepovers, play dates, lunch dates etc! Both of our kids also bought houses while we were there so we were able to help them with things needed done before they moved in. We also did a lot of maintenance on our equipment. It was a much needed break from the road, but soon it was time to head out again!

We received a call from Pastor Chris of Calvary Frontlines in Arkansas. A historic flood had hit their area. He was calling for guidance of what they could do to help their community. We were busy with maintenance and spending quality time with our family and told him we could advise, but not come. But then God!! So we packed up our stuff, said good-bye to our family and CC Savannah and headed to Arkansas!

It's always quite an undertaking to pack up, move, unpack and set up Camp Calvary and this was no different. Mary Jo's back was worse than normal so it took a little while longer. God worked out a couple things for us to get help driving. Then when we arrived we had no water, sewer, or electric for either of the RV's. It took me a week just to get all of that figured out, piped, wired, and running! We needed both RV roofs resealed and I was able to get the bunkhouse done in GA because it was being stored in the open. The 5th wheel had to wait until we got to AR to not be under trees so that also added a few days on each end.

We've been serving in Moffett, OK, an extremely poor town where every home was flooded. We've helped several homeowners do different things and are currently working on completely rebuilding the interiors of 2 of them. We're not sure if we'll do any more once these are done and we'll remain open to The LORD's leading! Please keep us in your prayers and let us know when you want to come for a visit!

And last but not least is the newest addition to our family on 7/19/19 granddaughter Olivia Moné Hencye!

Please keep us in your prayers that we'd honor Him with all we do!
